

Children's Health  
Impact Summit  
October 6, 2014

# Inattention / Hyperactivity

## ACTION ITEMS

## NEXT STEPS

1. Work toward more complex diagnoses to include other health factors
2. Best practice tool for teachers and administrators
3. Increase education available to parents
4. Change punishment driven response
5. Identify champions who can teach youth with impulsivity/hyperactivity
6. Survey teachers and administrators to determine training needs
7. Review mission and vision of SEL across district tiers
8. Create changes in culture, policy, and behaviors that are free to implement
